## FORWARD MARCH.

At Last Lord Roberts Seems to Be on the Eve of Making an Advance.

IT WILL BE IN PARALLEL COLUMNS.

The Entire Force Under His Command Amounts to About Seventy-Five Thousand Trained Soldiers.

From the Seat of War There is a Significant Silence—Boers Display Activity in the Vicinity of Reddersburg.

London, April 18.—At last Roberts seems to be on the eve of making his main advance towards Pretoria. Unless all the usually reliable sources of information and all indications smugled past the censor are at fault the British army within a few days may be marching northward. After many premature and unfounded reports that have purported to tell of this move, there is naturally, even in the best informed quarters, considerable hesitancy in definitely settling upon the day Lord Roberts is likely to leave Bloemfontein, but there is a settled impression that it will occur either at the end of this week, or the beginning of next. The long wait in the Free State capital has, apparently, effected a much needed rehabilitation, though it is probable Lord Roberts would still further have delayed his advance had not the Boer activity forced him to put his forces in such positions that to-day, unless they quickly proceed northward, the strategic advantage will be lost.

The critics agree in the supposition that the advance will be made in parallel columns, with a broad front, west of the railroad, the third and eighth divisions sweeping northward to the extreme northwest, the entire force amounting to 75,000 men.

Exactly what part Gen. Buller will take is still a secret which no one is able to probe.

From the seat of war there is significant silence. From The Hague comes the news that the Boer delegates refuse to make public the object of their mission. They hope to

## COLSON TRIAL BEGUN.

All Civilians Are Searched for Arms Before Entering the Courthouse—Several Witnesses Are Absent.

Frankfort, Ky., April 18.—The Franklin circuit court was opened up in true East Kentucky style Tuesday morning, deputy sheriffs being stationed at each entrance to the courthouse, and no one being allowed to enter unless he permitted himself to be searched for concealed weapons. This was done on the order of Circuit Judge Cantrell. He gave no reason for the order except that he wanted peace in the court room. The cause of it was the calling of the case of Col. David G. Colson, the surviving principal of the Colson-Scott pistol duel of January 18, last.

The Colson case was called at 11 o'clock by Judge Cantrell. The defense and prosecution both announced ready for trial, but upon calling the list of witnesses it developed that about twenty witnesses were absent. On motion of the defense the case was postponed until afternoon.

Among the witnesses to arrive are Senator C. C. McChord, Springfield, Mo.; S. R. Crumbaugh, Cincinnati; James N. Kehoe, of Mayaville; R. Lee Suter and Burton Vance, of Louisville.

## IN FAVOR OF DEMOCRATS.

Judge Cantrell Sustained the Demurrer to the Answers of the Republican State Officers.

Frankfort, Ky., April 18.—In the circuit court Tuesday Judge Cantrell overruled the demurrer to the petitions filed by the democratic state officers and sustained demurrers to the answers of the republican officers. The result is in favor of the democrats, and the republicans can appeal now by refusing to plead further or may ask leave to amend their answer, which will only delay matters a few days. The demurrer of the commonwealth to the petition for a writ of habeas corpus in the case of "Tallow Dick" Combs was overruled by the court and further steps will be taken Wednesday to secure his release.

## PITTSBURGERS' REQUEST.

They Petition Secretary Long to Give Name of Pittsburgh to One of the New Armored Cruisers.

Pittsburgh, Pa., April 18.—At a meeting of the Pittsburgh chamber of commerce a resolution was adopted respectfully and urgently petitioning Hon. John D. Long, secretary of the navy, to give the name of "Pittsburgh" to one of the new armored cruisers of war to be constructed by the United States navy. The reasons given for granting the honor are that Pittsburgh is the heart of the greatest iron and steel producing interests in the world; has a population of 1,608,964, within a radius of 60 miles, according to the census of 1890, and has a total ascertained tonnage by water and rail of nearly 39,000,000 tons—larger than any other city in the world.

## FOUR ARE DEAD.

Fatal Tenement House Fire at Newcastle, Pa.—Many Occupants Escaped by Jumping.

Newcastle, Pa., April 18.—A large tenement house occupied by Italian and Negro families near Rockport was destroyed by fire Monday night. David Abbatte, an old man, and his three young nephews, Joseph, Pasquale and Erwin Abbatte, were burned to death. Many of the other occupants escaped by jumping from the windows. The charred remains of the four victims were found in the ruins Tuesday. The cause of the fire is not known. The occupants of the tenement were stone quarry laborers.

## TROOPS ARE ANGRY.

The Murder of a Militiaman Has Made the Situation at Croton Dam, N. Y., Critical.

## A UGLY BATTLE APPEARS IMMINENT.

The Striking Italian Laborers Are Heavily Armed and Are Lurking in the Surrounding Hills.

Several Hundred More Soldiers Are on the Scene—Total Force Now Numbers More Than a Thousand.

Croton Landing, N. Y., April 18.—An extreme nervous tension is the feeling which pervaded the camp at Croton dam Tuesday morning. The murder of Sgt. Douglass Monday night by the Italians has killed all sympathy that may have existed for the strikers. The slightest outbreak will now be the signal for immediate battle. The soldiers are angry and secretly threaten revenge.

Sheriff Molloy said Tuesday that the shooting Monday night put a new complexion on matters. A battalion of the 7th regiment arrived Tuesday. The Italians will probably not make an open fight, but will depend upon guerrilla warfare during the night. Little knots of Italians were seen skulking on the hill which overlooks Camp Molloy. They were armed with shotguns, knives and clubs. Beyond a week attempt to cut the cable Monday night after the murder there was no further incident.

The 7th regiment will go to the old dam, which is five miles from the Croton dam. The soldiers will simply guard it against an attack. Gen. Roe will probably take command of the two camps.

New York, April 18.—In compliance with orders issued seven companies

## LODGE FOR CHAIRMAN.

It Is Believed Senator Foraker Will Present McKinley's Name to Republican National Convention.

Washington, April 18.—Republican managers have about decided on Senator Wolcott, of Colorado, as temporary chairman of the national convention, and Senator Lodge, of Massachusetts, for permanent chairman. It has not been determined who will be the orator to present McKinley's name, but the logic of events would indicate that Senator Foraker, who named McKinley twice for governor, and who nominated him at St. Louis four years ago, will again be accorded this honor.

Many names have been suggested within the past few days for vice president. Senator Spooner, of Wisconsin, would be a favorite if it was believed he would accept. Senator Fairbanks, of Indiana, is in the same category. Representative Mercer, of Nebraska, is growing in favor, and the slate makers are looking closely into the Nebraska prospect. If his candidacy seems likely to threaten Mr. Bryan's hold upon the state, there may be some interesting developments in the Mercer boom within the next few weeks. Representative Dooliver is spoken of freely, but the eloquent young Iowan says he is "going to keep on running for congress just the same."

## BATTLE AT CAGAYAN.

Tagalogs Attack a Battalion of the 40th Regiment—Fifty Insurgents Killed—American Loss 15.

Manila, April 18.—Twelve hundred Tagalogs attacked Case's battalion headquarters of the 40th regiment at Cagayan, island of Mindanao, on the 7th. The Americans had 15 casualties, while of the attacking force 50 were killed and 30 wounded or taken prisoners. The enemy, numbering 150 riflemen, the remainder being bolomen, archers and mounted spearmen, swooped down in a howling mass at daylight, surprising and killing three

of the 7th regiment left this city Tuesday for Croton Landing, the other three companies of the regiment having proceeded to the scene of the strike Monday night. The companies are practically full. The men carried 30 rounds of ammunition each and marching rations for three days. With the arrival of the seven companies at Croton Landing, the 7th will muster more than 1,000 men.

Croton Landing, N. Y., April 18.—The deputy sheriffs on guard at the quarry works have been prohibited from leaving their post of duty without a written order.

Toledo, O., April 18.—Posses of deputy sheriffs are still scouring the country for the murderers of Kate Sullivan, and the local detectives are keeping close watch on the section of the city where the criminals might be likely to be seen. One man has been held under suspicion, and the officers claim to have information from him that may lead to the arrest of the guilty persons.

Johanna Sullivan recovered her reason sufficiently to give a story of the occurrence and a description of the two men.

Indiana Miners Strike. Terre Haute, Ind., April 18.—Two thousand miners in Vigo, Greene and Sullivan counties went on a strike Monday night and Tuesday morning. ### ELECTRIC CANAL BOATS.

An Experiment Between Cincinnati and Dayton Is to Be Begun Within the Next Sixty Days.

Columbus, O., April 18.—Thomas N. Fordyce, of Detroit, Mich., who was recently given the contract by the state board of public works for experimenting with electric canal boats upon a ten-mile stretch of the Miami and Erie canal, between Dayton and Cincinnati, was here, completing the contract preliminaries.
